

Success Principles – Jack Canfield

1. Take 100% responsibility for your life & success.
2. Clarify your life purpose.
3. Decide what you want.
4. Set specific & measurable goals for all the parts of your personal vision.
5. Break them down into specific action steps you can take.
6. Create affirmations for each one of your goals and begin the practice of idealising, visualising and verbalising your completed goals everyday. Have reminders about your goals i.e. pictures, models etc.
7. **Smart people then get someone to hold them accountable.**
8. Then begin taking action of your most important goals every day except rest days.
9. Pay the price, do what ever it takes; ask for whatever you need with no fear of rejection.
10. Ask for and respond to feedback. Take action if appropriate.
11. Commit to never ending improvement.
12. Persist in the face of whatever obstacles my come up.
13. All the above will get you up and running to the completion of your major goals.
14. Now build and maintain momentum.
15. Create a program to complete your incompletes.
16. Work on transforming your limiting beliefs.
17. Pick an empowering belief to work on developing in the next quarter.
18. Purchase a motivational audio CDs to listen to in your car or exercising etc.
19. Schedule regular breaks and holidays with your spouse and or friends.
20. Enrol on a personal development course, upgrade you and your skills.
21. Start saying No to the people and things that distract you from achieving your major goals.
22. **Find a mentor, or hire a coach to advise you and keep you on track.**
23. Work on developing your money consciousness.
24. Make sure you set up a procedure for automatically investing 10% or more of every pay cheque in an investment account.
25. Proportion some time & or money to your religious or favourite non-profit organisation. Give Back.
26. Analyse and cut back on your spending.
27. Begin figuring out how to make a fortune rather than a living by becoming more valuable to your clients.
28. Remember you cannot do everything at once but if you keep adding a little progress every day over time, you will have built a completely new set of habits and self-disciplines.
29. Accept anything valuable takes time, there are no overnight successes.
30. These principles will take time to completely implement and to master.
31. Take advantage of those people and experiences that blazed before you. Collate these and other relevant principles established over many years that are out there freely for you to take advantage of.
32. Everything you need is here, now take ACTION. Rewards come from what you do, not know.
33. Granted there will be things you need to learn that are specific to your unique situation, profession and goals that are not covered here but the fundamental principles needed to succeed in any venture are covered. Invest in you, don't wish your life was easier, wish that you were better.
34. Make the commitment to start NOW. Use these principles to create the life of your dreams.
35. The law of procession ensures that the honeybee does not know when collecting nectar their actions pollinates the flowers. When you make a decision, set a goal, commit to it and take action, be prepared for opportunities to unfold and take you forward. AFFIRMATIONS WORK.
36. This is where the information, motivation and inspiration stop and Perspiration takes over. You have everything you need. Like the acorn, everything needed to become a mighty oak is inside you.
37. To your success...
